[LodgeMaster 4 Release Information](#)

[Chadd Blanchard](#) posted on Apr 01, 2018

Dear OA LodgeMaster Users, It's finally the time we all have been waiting for - the next version of OA LodgeMaster is nearly ready for general release! Thank you to everyone who has waited patiently as we've developed the next great version of OA LodgeMaster and thanks to the users who have helped us test the new system over the past two months. After nearly three years in development, and nearly two months in beta testing,...

[macOS High Sierra LodgeMaster Compatibility](#)

[Chadd Blanchard](#) posted on Oct 04, 2017

On September 25, 2017 Apple released macOS High Sierra (macOS 10.13) it's latest version of their Mac operating system. The LodgeMaster team was made aware of an issue exporting data from LodgeMaster earlier this week and began investigating the issue. The LodgeMaster team has confirmed an issue with Silverlight and the new macOS 10.13 operating system. LodgeMaster users who update to the latest version of macOS will no longer be able to export data from LodgeMaster using Safari....

[LodgeMaster 4 - Development Update 3](#)

[Robert Anstett](#) posted on Jul 26, 2017

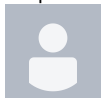

7/26/2017 LodgeMaster Users, Today we would like to introduce new features that will be released in the User Manager of LodgeMaster 4. These features include permission based on the lodge's structure, use of a single sign on system, sending user invitations, deactivating and reactivating a user. All of these features will improve security, ease the administration of LodgeMaster users, and allow more granular permissions....

[LodgeMaster 4 - Development Update 2](#)

[Chadd Blanchard](#) posted on Jun 09, 2017

6/9/2017 LodgeMaster Users, In our first LodgeMaster 4 Development Update we talked about building a better user experience. Using modern technologies to build a cross platform application that will fit the needs of the smallest Lodge's and the needs of our largest Lodge's. To follow through on the promise of a better user experience our development team has spent a significant amount of time working on the mobile side of LodgeMaster 4....

[LodgeMaster 4 - Development Update 1](#)

[Chadd Blanchard](#) posted on May 12, 2017

5/12/2017 LodgeMaster Users, Over the past few months we've received many requests for updates on 4.0 development. We wanted to begin providing updates and status as we get close to beginning beta testing. We'll send out information in a future update about getting involved in beta testing. We'll also work to send out a development update every 1 to 2 weeks to keep everyone informed. First a note on Silverlight - the next version won't use Silverlight at all,...
