OA LodgeMaster Lodge Client 4.1.0

Release October 2, 2018

OA LodgeMaster Users,

The OA LodgeMaster Team is excited to announce the immediate release of version 4.1.0! We fixed 15 bugs, made 1 improvement, and added 1 new feature – the 2018 Charter & JTE forms. Notable bug fixes include BSA Audit import errors, add position error in Lodge Structure, and report improvements for archived members. Improvements include a new Vital Statistics report which allows numbers to be run just for youth.

We'll be adding one additional Charter & JTE report like past worksheet reports that will let you see detailed numbers from past submissions - that report will be available online in the next couple days.

There were 3 small bugs with the 4.1.0 release that we've fixed already before we were able to get the release announcement out, so we've also released version 4.1.1 and those bugs are included in the list below.

Go to https://lodgemaster.oa-bsa.org/ to access the online system, and if needed, download the offline version. As always, if you have questions or problems, please submit a request online (http://docs.oa-bsa.org/display/OALMLC).

Yours in Brotherhood,

The OA LodgeMaster Team,
Chadd, Mike, Rob, and Mike
