

# LodgeMaster Webinar | New Public Feature Voting

OA LodgeMaster Users,

The OA LodgeMaster Team is excited to announce the immediate release of our new public feature voting site! The new feature voting site is a community driven effort to discover the needs of our users. The new platform will allow you, our users, to submit enhancement requests and new feature requests directly to the LodgeMaster Team. Other users will then be able to vote on issues and add comments on the features they want to see added. Go to: <http://lodgemaster-features.ou-bsa.org> and login with your ArrowID to get started today!
