

OA LodgeMaster Desktop 2.0.2

Released January 30, 2010

Dear OA LodgeMaster Users,

The OA LodgeMaster team is happy to announce the immediate release of Version 2.0.2! We've fixed all the open bugs that users reported since the release of version 2.0.1.

Go to <https://lodgemaster.oa-bsa.org/softwareupdate/> to download the update. You don't need to reinstall anything; the update is just over 1 meg in size and runs in just a couple seconds. As always, if you have questions or problems, please submit a request online (<http://support.oalodgemaster.org>).

Yours in Brotherhood,

The OA LodgeMaster Team

Mike (C.), Mike (G.), Mike (P.), Rob (A.), Rob (R.), and Scott (J.)

What Is Fixed In This Version?

Over 60 bugs reported by users were fixed in this release. A small number of minor changes / improvements were also made:

- The newly added member flags from the 2.0 release were added to the individual history report and membership exports.
- A consistent problem for some users, label and membership cards have been updated, and hopefully the new format will no longer cause margin or 'creep' issues for some users.
- Quality lodge 2010 requirements have been added to the program.
- At the request of many users, when ordeal or brotherhood is completed in event manager, the council field is now populated with the current council.

The detail of the bugs and their related module are below:

Events:

#313 Populate Council When Completing Level
#252 Auto Center Event Manager Window
#254 Role Selection Box Can't Be Changed

Other:

#246 Membership Audit Date Column Error
#320 Login Error Message Spelling
#245 Error Deleting Chapter With No Name
#310 Selecting Member In Asset Manager

What's Next In The Development Of LodgeMaster?

For the desktop client, we are working on a couple of enhancements: local networking (which has been coded and we've begun testing on, and should be released March 1st). We're also working on releasing ceremonies manager and an updated inventory manager on April 1st.

For the online portal, we're working on a number of enhancements to the membership reporting tool, and later this year, will begin building additional modules for the portal.

We're also working on updating the support center and preparing the new documentation website.

What If I Have Questions?

Please submit a ticket on the help desk if you have any questions - this will allow each of the team members to respond as they have time - instead of sending all questions to one member of the development team. You can submit a ticket online (<http://support.oalodgemaster.org>) or via email at support@oalodgemaster.org.
